

## **Big Dog Fishing Guide Service Welcomes You To Lake Minnetonka!**

The guides from Big Dog Fishing Guide Service will be providing you with a great fishing experience on beautiful Lake Minnetonka. Lake Minnetonka is over 14,000 acres and has over 20 different species of fish in the lake.

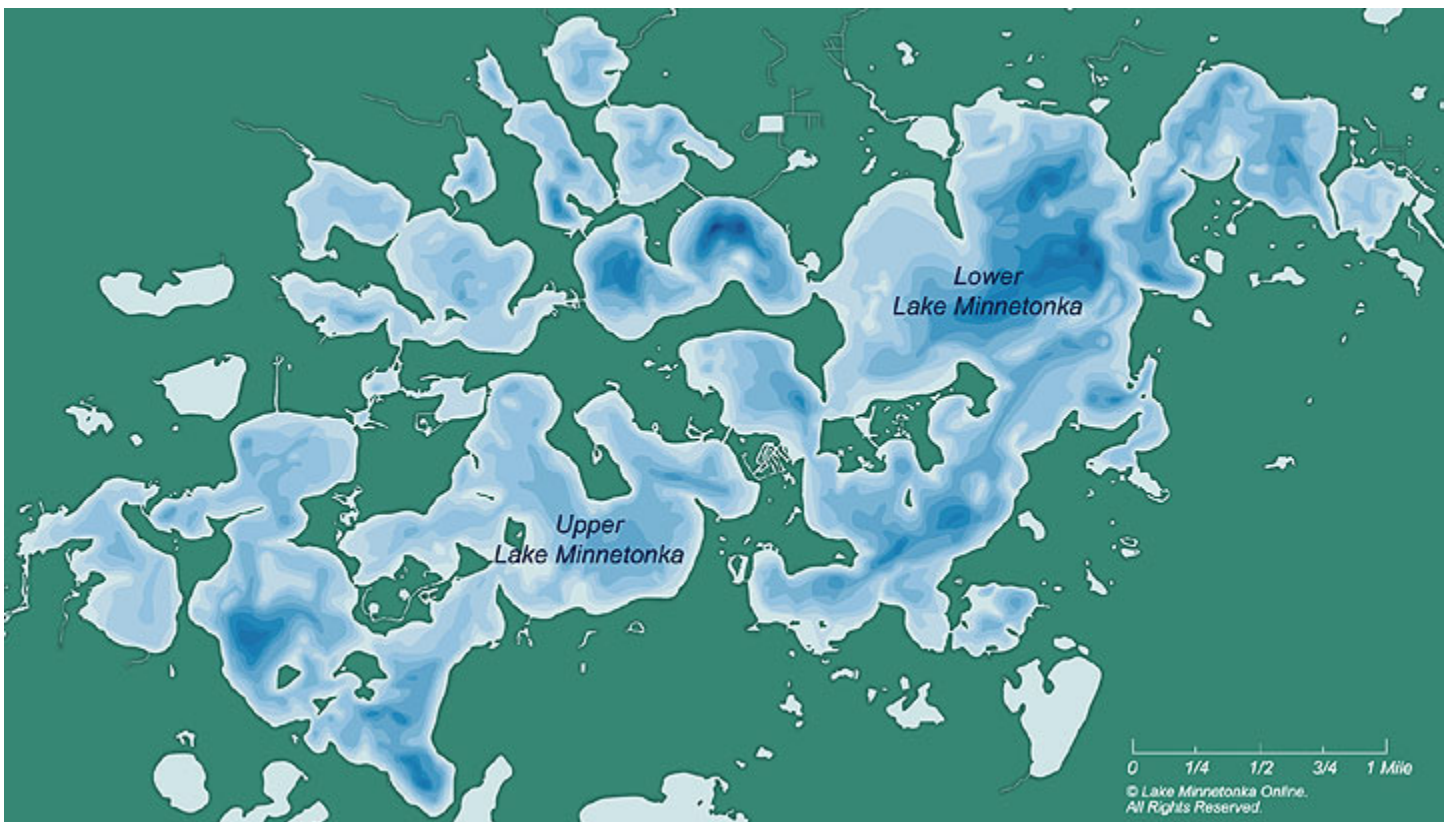

We will take you fishing for Largemouth Bass during the best time of the year to catch a trophy fish and numbers of fish. While fishing for bass there is a very good chance that you will catch a Northern Pike that will be over 30" long or a Muskie over 40".

Lake Minnetonka is where we will be fishing and it is one of the best bass lakes in the country. It has been profiled numerous times in national fishing magazines as one of the best lakes in the country for numbers of bass and their size.

In the last several years the Muskie population has increased to one of the highest per acre in Minnesota. Every year we catch Muskies over the 50" mark and large numbers in the 40"-50" size range. A lot of the Muskies that we catch are caught while we are bass fishing and September is one of the best months for catching them.

The Northern Pike in Lake Minnetonka are very voracious eaters and love to try and eat our bass lures. The average Pike is 3 ½ pounds and the get up to the 25 pound size in Lake Minnetonka.

The fishing is not the only good thing about the lake the lake has a large variety of wildlife including but not limited to whitetail deer, mink, Bald Eagles, Osprey, Loons and numerous other waterfowl along with other animals. Most people find it hard to believe the variety of wildlife that the lake has considering the number of homes on the lake and the proximity to Minneapolis.

## **About Big Dog Fishing Guide Service**

Big Dog Guide Service was founded in 1996 by Gary Klingler. Gary has been fishing tournaments since 1979 and has qualified for several national championship tournaments. He has also been providing instructions and training to fishermen for over 20 years.

At Big Dog Fishing Guide Service we also have several other highly qualified guides on our staff. They all have at least twenty years of experience and are very proficient at putting our guests on fish and teaching them how to catch the fish. They have all worked with Gary for at least two years and have proven their selves to not only catch fish consistently but have the patience and desire to make every trip an enjoyable one.

For our large corporate outings we contract with over 70 of the top fishermen in central Minnesota to provide guides for groups of up to 140 guests. These fishermen are picked by Gary for their ability to produce fish for our guests and that have the patience and professionalism to make every trip an enjoyable one.

All of the guides that work for Big Dog Fishing Guide Service are the best of the best. They have the knowledge, patience, desire, determination, skill, and the equipment to make every outing enjoyable. Otherwise they would not be allowed to run with THE BIG DOG.
